

# DEMO 2024 INTERNATIONAL

SEPTEMBER 19-21

Ottawa/Gatineau • Canada

## SMALL-SCALE FORESTRY

In recognition of the private woodlot sector, Demo International 2024 aims to showcase equipment, products, and services catering to Small Scale Forestry throughout the show site.

Don't miss your chance to be part of this new addition to DEMO International®, as we highlight the latest advancements in manufacturing and technology, LIVE and In The Woods.

As suppliers of equipment, products and services, you need to be part of the "Small-Scale Forestry Showcase" at Demo International 2024; an exclusive event and opportunity to showcase your business to thousands of woodlot owners and forestry contractors.

### WHAT WILL BE PROVIDED?

All wood and feed stock will be provided to your site, including forklift & skid steer service, for loading and clean-up.
