

**On behalf of the Canadian Woodlands Forum and SBC Cedar,
I would like to welcome you and thank you for your participation in
DEMO International® 2024.**

This Operational Manual has been designed to make participating in the show as simple as possible. We have tried to cover every need your company may have in this event, including move-in and move-out information, exhibitor rules and regulations, and detailed contact information for show services, along with the forms necessary to order these services.

The most important page in this manual is the **Immediate Action Checklist** at the beginning. It is essential to carefully cover-off the items on that page, as several of the items are time sensitive, in that they may include fast-approaching deadlines and/or discounts for ordering early.

If other people in your company are responsible for shipping or setting up your exhibit, please share this information with them.

I am looking forward to seeing you in September and wish you the best for a successful and profitable show. If you have any questions that are not answered in the manual, please feel free to contact me.

A handwritten signature in black ink, appearing to read "Mark Cusack".

Regards,
Mark Cusack, National Show Manager
